EDUCATION

- Mar 2021 - Jul 2025** **Ph.D. in Experimental Phonetics**
University of Melbourne, AUS
School of Languages and Linguistics (SoLL)
Field of research: Experimental Phonetics and Italian regional variation. Focus on laboratory and corpus analysis of speech
Thesis title: *An acoustic-phonetic analysis of the long-short consonant contrast in Italian obstruents across three regional varieties*
Passed without thesis amendments
- Sep 2015 - Jun 2018** **MA degree in Linguistics**
University of Verona, IT School of
Cultures and Civilisations
Experimental thesis in Applied Linguistics, Italian-English bilingualism, and second language learning/ESL
Thesis title: *Linguistic transfer in the comprehension and production of English compound words by Italian learners of L2 English*
Graduated *cum laude*
- Sep 2005 - Jun 2010** **BA degree in Foreign Languages and Cultures**
University of Verona, IT School of
Foreign Languages
Coursework included English and Spanish Linguistics, Literatures and Cultures

PUBLICATIONS

- Dian A., Hajek J., Fletcher J. (In press). The acoustic realization of intervocalic /v/ and /v:/ in Italian: evidence of articulatory variability. *Journal of the International Phonetic Association*.
- Dian A., Hajek J., Fletcher J. (In press). 'Che ro[b(b)]a!' – Durational patterns of word-medial intervocalic /b dʒ/ across three regional varieties of Italian. *Proceedings of AISV25*. Urbino (Italy).

Dian A., Hajek J., Fletcher J. (2023). Preaspiration in Italian voiceless geminate and singleton stops. In *Proceedings of the 20th International Congress of Phonetic Sciences*, 888–92. Prague.

Dian A., Hajek J., Fletcher J. (2022). Stop (de)gemination in Veneto Italian: The role of durational correlates. In *Proceedings of the Eighteenth Australasian International Conference on Speech Science and Technology*, 176–80. Canberra.

WORK EXPERIENCE

Nov 2025 – Present **Postdoctoral Researcher in Phonetics**

Faculty of Linguistics, Philology and Phonetics, University of Oxford

- Part of the ESRC-funded project “Mapping Prosodic Convergence in the Eastern Mediterranean”
- Focus on Venetan intonation and contact with coastal Croatian varieties

Feb 2023 – Jul 2025 **Casual Academic Tutor (Phonetics – LING20005)**

SOLL, Faculty of Arts, University of Melbourne

- Taught 3 tutorials per week as part of the Phonetics (LING20005) subject
- Taught **phonetic theory**, **auditory transcription**, speech sound production practice, acoustic phonetics using Praat, **tone**, and **intonation** transcription using ToBI
- Preparing lesson plans and materials (slides, LMS content)
- Marking students’ assignments
- Taught in Semester 1, 2023, and Semester 1, 2024

Jul 2022 – Jul 2025 **Research Assistant**

Phonetics Laboratory, SOLL, University of Melbourne

- Various casual contracts
- Assisted Prof John Hajek and Prof Janet Fletcher in various research projects
- Wrote manual on the EMU-SDMS system for phonetic analysis
- Assisted fellow PhD students with statistical methods, data visualisation, and software programs for phonetic analysis (R, Praat, emuR)
- Assisted setting up of oral airflow/intraoral pressure equipment
- Proficient use of R packages: tidyverse, dplyr, ggplot2, lme4, lmerTest, glmer, glmmTMB, emmeans

Aug 2023 – Jul 2024 **Casual Academic Teacher (Italian 6, Italian 3 – ITAL10007, ITAL10001)**

SOLL, Faculty of Arts, University of Melbourne

- Delivered 1 lecture per week on Italian phonology as part of the Italian 6 (ITAL10007) subject
- Marked students’ assignments

Oct 2024 – Jan 2024 Research Assistant

Collaboration with the Phonetics Laboratory, Macquarie University (Sydney, AUS)

- Assisted with phonetic data processing and Ultrasound Tongue Imaging (UTI) analysis of Australian English rhotic sounds. Tasks included refining tongue edge splines in MATLAB using the Deep Edge tool.
- Project link: <https://researchers.mq.edu.au/en/projects/visualising-complex-speech-sounds-a-study-of-rhotic-consonants-ev>

Mar 2022 - Nov 2022 Academic teaching support

School of Languages and Linguistics, The University of Melbourne

- Provided academic support for following subjects: EURO30004, ITAL20008, ITAL20001.
- Managed Blended Synchronous Learning (BSL) system during subject tutorials
- Supervised the weekly screening of films that were part of EURO30004

Sep 2016 - Feb 2021 Teacher of Italian and English as second languages

inlingua Verona s.r.l, Verona, IT

- Taught at large, multi-national companies located or branched in Verona (IT), such as Calzedonia S.p.A., Pastificio Rana S.p.A., Accenture plc., as well as private courses at the school
- Collaborated in planning and implementing online self-learning language courses of English (3 in total for CEFR levels A1, B2, C1) and Italian (2 in total: A1, A2) as part of the inlingua online platform
- Wrote and edited 3 didactic ESL manuals for internal school use each ranging 150-200 pages and including grammar/vocabulary explanations, audio files, and exercises
- Prepared learners for prestigious ESL certifications (Cambridge, IELTS, Gatehouse)

Jun 2013 - Feb 2021 Teacher of English as a second language (ESL)

Self-employed, Vicenza and Verona, IT

- Tutored learners with different language objectives: increased oral proficiency, better grammar, ESL certifications (Cambridge, IELTS)
- Acquired new learners through online advertising and word of mouth. Built a network of about 30 repeat learners

PROFESSIONAL CERTIFICATES

Melbourne Employability Accelerator (MEA) (2021)

Career-building program designed by the University of Melbourne in partnership with Practera to help participants develop global employability awareness, preparedness, and skills
Completed the Digital Industry Project by providing business consulting to a start-up company as part of the program

Trinity College London CertTESOL (2013)

Internationally recognised certificate in teaching English to speakers of other languages
Issued by the University of Manchester (UK)

GRANTS AND AWARDS

Arts Graduate Research Conference Grant (2025)

Received over \$2,300 of funding from the Faculty of Arts, University of Melbourne, to support my participation at the AISV2025 conference in Urbino, Italy.

ASSTA Travel Award (2024)

Awarded by the Australasian Speech Science and Technology Association (ASSTA) for the paper “A machine learning investigation of durational and non-durational cues to stop gemination in Italian across regional varieties and speaking rates” presented at LabPhon19, Seoul, South Korea

Sir James Gobbo Scholarship in Italian Studies (2023, 2024)

Awarded twice by the University of Melbourne’s Faculty of Arts for a total of \$25,000. The Scholarship aims to support students who are committed to ‘Italian as an asset’: the potential of Italian studies to enhance life

Graduate Research in Arts Travel Scheme (2023)

Received over \$1,400 of funding from the University of Melbourne’s Faculty of Arts to support ICPhS conference attendance in Prague, Czech Republic

ASSTA Special ICPhS2023 Student/ECR Travel Award (2023)

Awarded by the Australasian Speech Science and Technology Association (ASSTA) for the paper “Preaspiration in Italian voiceless geminate and singleton stops” presented at the 20th International Congress of Phonetic Sciences (ICPhS), Prague, Czech Republic

IPA ICPhS2023 Travel Bursary (2023)

Awarded by the International Phonetic Association (IPA) for the paper “Preaspiration in Italian voiceless geminate and singleton stops” presented at the 20th International Congress of Phonetic Sciences (ICPhS) taking place in Prague, Czech Republic

ASSTA New Researcher Award (2022)

Awarded by ASSTA for the paper “Stop (de)gemination in Veneto Italian: The role of durational correlates” presented at the 18th Australasian International Conference on Speech Science and Technology (SST2022)

Arts Graduate Research International Grant Scheme (2022)

Received over \$4,200 of funding from the University of Melbourne’s Faculty of Arts to support fieldwork research in Italy

Melbourne Research Scholarship (2021)

Scholarship offered to high-achieving students undertaking research study at the University of Melbourne. Consisting of tuition fee remission or exemption, living allowance, a relocation grant, and health cover

TECHNICAL SKILLS

- Quantitative methods of data analysis: LMER, GLMER, GAMM, Ordered Beta Regression, Bayesian regression, Linear Discriminant Analysis, Random Forest Classification
- Bibliographic research
- Acoustic phonetic segmentation, annotation, and analysis; inspection of large speech corpora and data extraction
- Articulatory phonetics: electroglottography, aerometry
- Computer software: Mac OS, Windows OS, R, RStudio, R Markdown, Python, Praat, EMU-SDMS, Audacity, Voice Sauce, Mac Reaper, Adobe Photoshop, Microsoft Excel, Power Point, Word
- Known R packages: tidyverse, dplyr, ggplot2, lme4, lmerTest, glmer, glmmTMB, bam (for GAMM), brms (for Bayesian methods), emmeans, among others
- Academic tutoring, language teaching, grammar teaching
- Content writing, text/audio/video editing
- English-Italian / Italian-English translation

LANGUAGES

English (advanced written and oral); Italian (native); Venetan (native); Spanish (upper-intermediate written and oral)

INTERESTS

Language, languages, speech science, data science, SL teaching
